

research in community sociology pdf

Sociology is the scientific study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. Many sociologists aim to conduct research that may be applied directly to ...

Sociology - Wikipedia

Program Description: The study of Sociology offers students the opportunity to develop a critical understanding of social processes and structures, so as to be able to live and work in our diverse global society and to apply the tools of social analysis to a broad range of professional, academic and community situations.
