NLP in Business. In contrast to most mainstream psychotherapy, NLP does not examine people and then decide for them what problems they have, and then decide how they should be "cured." Instead, NLP

helps people to decide for themselves what their "problems" are, and then tries to help them resolve those problems.

NLP in Business and in Life - Law of Attraction Haven

In Starting a Business 101, we want to provide you with information and advice that is less readily available in start-up business books. First, we want to encourage you to look deep within yourself to see if starting a business really suits you - after all we wouldn't want you to leave a secure job,

Wiley: Business NLP For Dummies - Lynne Cooper

When I wrote the first edition of NLP at Workover five years ago, NLP was virtually unheard of in the world of business. I wrote the book in order to make NLP much more accessible to people at work, especially those who recognized that everyone has a leader "within." I believed then as I do now that we can transform for the better the way we
