Human factors and ergonomics (commonly referred to as human factors) is the application of psychological and physiological principles to the (engineering and) design of products, processes, and systems. The goal of human factors is to reduce human error, increase productivity, and enhance safety and comfort with a specific focus on the interaction between the human and the thing of interest.

Perpetual Eucharistic Adoration is the adoration of Jesus Christ present in the Holy Eucharist. In the many Churches that have this adoration, the Eucharist is displayed in a special holder called a monstrance, and people come to pray and worship Jesus continually throughout the day and often the night.
