There is so much you can learn about a student's phonics skills just from looking at writing samples. One of the big "ah-ha" moments from my Phonics First training (Orton-Gillingham based program) was when the trainer said that a student has not fully mastered a phonics rule until you see him/her use it in writing.

Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for K-12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...
