If you're hard-wired to react immediately, it's a case of reminding yourself that it's ok to wait. Giving yourself even a few extra seconds before reacting can make a difference. Pressing the pause button gives you a chance to rewind, make a good choice, and then press play again to continue in a better way.

## **Think Before Reacting: How to Use Your Mental Pause Button**

Last week I experienced a fender bender. I was at a stop sign, the other driver backed out of his garage and hit me. And if you had asked me six months ago how I would have reacted I would have predicted that I would have been really angry and reacted in kind. But I didn't. My reaction wasn't a reaction at all; it was a response.
