

### **systematic reviews and research pdf**

PROSPERO is a register of systematic reviews. It provides links to useful resources about different kinds of reviews. It also provides a searchable database of registered reviews. When embarking on a systematic review, it is wise to search PROSPERO and Cochrane databases for any registered reviews to ensure that you are not duplicating efforts.

### **Writing a Systematic Literature Review: Resources for**

Systematic Reviews encompasses all aspects of the design, conduct and reporting of systematic reviews. The journal publishes high quality systematic review products including systematic review protocols, systematic reviews related to a very broad definition of health, rapid reviews, updates of already completed systematic reviews, and methods research related to the science of systematic reviews, such as decision modelling.

Systematic reviews and meta-analyses: a step-by-step guide. A systematic review answers a defined research question by collecting and summarising all empirical evidence that fits pre-specified eligibility criteria. A meta-analysis is the use of statistical methods to summarise the results of these studies.
